

The Marine Society & Sea Cadets

APPOINTMENT OF HONORARY BANDMASTER TO THE SEA CADET CORPS

With immediate effect, Bugler Chris Mace Royal Marines is appointed Honorary Bandmaster to the Sea Cadet Corps.

This recognises the significant impact Chris has had on the delivery of musical training from Unit to National level and also the very real improvements that have been achieved in training methods and the documentation of instructions.

This is an honorary appointment and no membership of the Sea Cadet Corps is awarded or implied. Chris will be accountable to The Director of Music Sea Cadets who he will work with in determining and delivering the training requirements for current and future musical activities.

The work that Chris is involved with does not change existing relationships between Area Staff Officers, the National Training Team and The Director of Music, but is a hugely valuable technical and instructional resource that offers benefits to all involved with musical training.
