

Unit Website Update

This has taken longer than anticipated but we have incorporated feedback from some units especially around including a calendar function to highlight events and this has held things up a bit, as we explored the best and most economical way of doing this. But we are almost ready and hope to have the final design ready for the IT department to duplicate, sometime next week. We are not sure how long the duplication process will take but hope no more than 2 weeks. We will keep you posted on progress.
