

Study into Societal Benefits of the Cadet Forces

Important message from CSC - Please read and encourage your cadets and volunteers to participate.

A study has been commissioned, on behalf of the MoD Sponsored Cadets Forces, into the wider societal benefits of Cadets.

The study is being undertaken by Southampton University and should assist in the development of a wider business case to demonstrate the worth of the Cadet Forces that could have a significant bearing on future funding.

In order to be considered valid, the study requires responses from as many Cadet Force Adult Volunteers and Cadets as possible. The questionnaires are to be completed online between **Monday 21 June and Monday 5 July**.

The questionnaire website goes live on Monday 21 June and is at:
http://www.geodata.soton.ac.uk/cadet_survey/

Please take the time to participate

Thank you.
