**Small Arms (Short Range) 07 Range Management Course**

1. Introduction

A Range Conducting Officers Qualification is required before personnel can run any type of range. The first qualification is the SA (SR) 07. The Course is over 3 weekends and candidates must attend and pass all weekends to qualify. There is no time on the SA (SR) Cse to undertake Weapon Training or WHTs, so this has to be completed on the Area Part 1. Therefore, so that the Area Part 1 can be run close to the first weekend of the SA (SR) 07, training on the No8 and L98A2 will be an advantage and time saving if undertook prior to the Area Part 1 so that the instruction can go straight into the WHTs.
